RE: Memo for file

As per conversation with Cleon B. Feight, Mike Minder has made at least three to five trips to the above referred to well site for inspection. Mr. Stephen Szot, the land owner, has been in to see Mr. Minder twice and Mr. Feight once. All Mr. Feight can recall is that Mike told him that Mr. Szot was thinking about taking over the well. Later Mr. Szot talked with his lawyer and decided that he wanted this well plugged by Delta Petroleum. Mr. Minder was supposed to contact Delta concerning the plugging of this well. We do not know if Mr. Minder had ever followed through with the correspondence to Delta Petroleum.
